“ *I am truly saddened by the loss of a great classmate and guy, Alan Varveri. I wrote a story and put in Memories. I was so happy that my wife Jeanne got to meet Alan at MSD 150th anniversary reunion last June. She took pictures of our 1974 classmates. His sister Cari is Jeanne's favorite interpreter at work. May memories bring you comfort at this sad time. May Alan rest in peace. Love from Tim and Jeanne Lavelle*

“ Alan Varveri \r\n Alan was my classmate with 8 students, and we graduated together in 1974. When I moved back to U.S. from Germany in 1968, I enrolled MSD and did not know ASL because in Germany there was no ASL in special class for Deaf on Ramstein Air Force Base. Alan helped me to tour around the MSD campus and taught me ASL. There is a story I remember very well in boys dormitory. Alan always yelled all the time. When Ms Vaudia Kendrick heard and assumed that was Alans voice, but it was really me yelling. I didnt know Ms Kendrick could hear some. She went to see Alan to stop yelling. I ran to her and stood in front of her and told her that I did yell. I did not know what to tell her because I did not know enough to pick up ASL and told Ms Kendrick that I thought \“you full Deaf but not.\” I said to her \“Alan and I will stop yell together, and that we can yell outside all we want.\” \r\n Alan expertly memorized all MSD students names because he grew up at MSD all his life and knew every student. He loved history so much and enjoyed sports, too. As a member of Class of 74, we all love you and shall not forget you. \r\n Your friend Tim Lavelle

“ *Simplicity allowed 10 people come to Alan's last view of him for 20 minutes. We had our pastor Emily and layleader Darlene plus 5 deaf members of the church who are well respected in our deaf families lives share stories, place candles and pray with my mom, me and Alan who is at rest. we found peace and as was cited a scripture....trust God and his word...no more suffering, no more tears, no more pain. THANKS BE TO GOD and to God be the Glory.*
