

Aleksandrs Baltins

September 14, 1975 - October 19, 2025

Aleksandrs Baltins, 50, of Randallstown, Maryland, passed away peacefully on October 19th, 2025.

Aleksandrs—known by his family as Aleksis and to others as Alex—was born on September 14th, 1975, in Annapolis, Maryland. He grew up with his older brother, Arnis Baltins, and was raised by his parents, Patricia and the late Andris Baltins. Growing up, he enjoyed family ski trips and boating adventures on the Chesapeake Bay.

In his teen years, he was an accomplished wrestler for Archbishop Spalding High School, setting records for the men’s wrestling team. At age 17, he enlisted in the United States Marine Corps. During his 4-year tenure, he rose to the rank of Lance corporal, serving in Cuba and Africa. Following completion of his active duty, he continued his military service in the National Guard for 4 years.

Aleksandrs is survived by his four children: Michael Sterling, Alise Quinn, Elina Jones, and Jaden Stephens. He was a devoted father who parented with kindness, humor, and unwavering understanding.

Friends and family knew Aleksandrs best for his ability to light up a room with his stories and endless jokes, and his children will forever remember his “unsolicited,” yet always helpful, Dad advice. He was a compassionate and selfless man who never failed to put the needs of others before his own.

Though he has passed, the memories and stories of Aleksandrs live on through his family, friends, and all who had the privilege to know him.

A memorial service will be held at a later date to honor Aleksandrs' life and legacy. The family deeply appreciates your prayers and support during this time.

“ *I am very sorry for your loss. I knew Aleksi in high school. I haven't seen him since he finished basic training. He was a good man. My sincerest condolences to all his friends and family.*
