“ I can't believe it's been almost a year already. Not a day passes that I don't think about you and wish you were still here. I miss you and miss you making me laugh. You left us all way too soon.

“ I don't know where to begin. You have always been my sister, my heart, my best friend and no matter how much time passed by before seeing each other again, we'd always pick up right where we left off as if no time had passed by at all. I will always hold you close to my heart and I still just can't believe you're gone. I love you Flo to the moon and back! Save a seat for me next to you!
