“ Andy we will miss you a lot. Even though we haven't kept in touch in years we thought about you quite often. Our hearts are broken. We know you are with the rest of the family playing beautiful music together. Tell the family we missed you all very much. 😞😞😞😞😞

“ Andy Even though we never saw each other that much you were a major part of my life. Whenever we saw each other we shared so many stories and memories. One memory I will always have is you sitting on Grandma and Grandpa's couch with your guitar in hand singing \"Leaving on a jet plane\"... I also will never forget The Family Reunions at Aunt DeeDee and Uncle Gene's camp and how You, David and I were inseparable. I will always never forget all the good times we used to have grown up especially when we used to go to your Mom and Dad's house in Elwood City...And to answer your question from years ago, Yes I did name my Youngest Son after you... RIP Andy... You are Always in My Heart

“ My dear sweet little brother, Thank you for being you. Everybody loves Andy! I miss you so much. I know you are in no more pain and I know you are with our heavenly Father but it still hurts so bad. I know you said no crying but I can't stop crying. I was blessed to spend the last month of your life with you, by Joann's side and I know that made you so happy to see us together and getting along (even though I had to beat her a few times). You fly high just like you did in life. Give Mom, dad, and brother Nick a big hug for me. I can see the smiles on your faces and I can hear the music you and Nick are playing. Until we meet again... I will always love and miss you.
