“ *My heart bled for this young man like a little brother. I can't explain it. I wish we did more for his wandering soul who only sought belonging and validation. The Guilt and grief since hearing of his tragic, lonely, young passing will always weigh on me. He mattered. I wish he knew that.*

“ *Bro this hurts I've known for months but just seeing this memorial. I had to distance myself from you the last few years due to the thing you were involved in but. It wasn't easy you were my little brother. I miss you knocking on the door just wanting to see me. SMH I've known you what. 18 or 19 years SMH. The world is a bit colder with you austin.*

“ We miss you so very much, Austin. You will forever be “our lil brotha.” Fly high, baby, until we meet again. Ziggy, Prince, Lil Bits, and even Ciper send all their love and blessings. Everyone misses you already. The kids, Ryland, Rylee, and Gabe won't forget you either. They will grow up hearing all about you. We all just wish you were here, but we know that you are safe, healthy, healed, and loved. We don't what the future will be, but right now buddy, we're all hurting bad and wishing this was all a bad dream. You didn't deserve this, but now you're angel. Fly high and we shall meet again some day. Watch over all of us. We love you, Austin.

“ Austin, I honestly still can't believe I'm writing this for you. You have been an incredible friend to the point that we refer to you as family because that's what you are. Austin had the most infectious smile and silly laugh that he could light up a room. He could always make you feel better even when you were down. My husband and I have known Austin for many years now and he will be sorely missed. We will never forget you little brother. We send our sincerest condolences to Austin's family. We cannot imagine the pain you're feeling. May you rest in eternal peace. We love you, Chaz and Jen Brown
