

Beth Ann Ryan

September 25, 1963 - December 18, 2024

With heavy hearts and smiles through tears, we share the passing of Beth Ann Ryan-Coley, who left this world far too soon at the age of 61. Beth was so much to so many—a devoted wife, sister, aunt, and friend. She was a force of nature, bringing infectious positivity, a sharp wit, and an unrelenting sense of humor to everything she did.

Beth's remarkable career was a testament to her brilliance and passion. She graduated as an Aerospace Engineer from Embry-Riddle University in 1985, earned a Master's in Health from Oklahoma State University in 2001, and became a Physician Assistant from Anne Arundel Community College in 2009. She dedicated her life to helping others and serving her country.

A true adventurer at heart, Beth found joy in skiing, whitewater kayaking, hiking, and pushing the limits in all things adventure-related. She approached life's challenges with the same fierce determination that defined her spirit, and she met cancer with unwavering strength, resilience, and even laughter.

Beth is survived by her loving husband, Richard Coley; her brothers, Will and Tim Ryan; her cherished nephew, Max Queen; and a community of family and friends who will forever hold her in their hearts.

Beth's legacy is one of love, resilience, and an unstoppable zest for life. She

will be deeply missed, but her light will continue to shine in all of us. A celebration of her life will be announced at a later date.

Though Beth is no longer with us, her spirit, her laughter, and her love will never be forgotten.

“ *She was one of the coolest doctors I have ever had. It hurts to find out that she is no longer with us. I will definitely miss her light. God bless.*

“ *I worked with Beth for several years at NIH. Together we worked to serve clients who volunteered for research. We had many good times together there! She was always a positive ray of light and could laugh and enjoy even the difficult days. I reconnected briefly with her in summer 2024. She remained positive about her diagnosis and wanted to soak in everything about life. She never gave up. What an inspiration. I never got to meet you, Rich, but you two looked so happy together. Prayers for you as you grieve her loss.*

TJ

“ When I first met Dr. Beth Ryan for my medical needs, I could tell that she was a cut above. Her kindness, patience and overall bedside manner made me feel like she had my best interest at heart. She went above and beyond and I am forever grateful that I entrusted her with my care. She was a bright light during a very trying time for me. I would like to share my heartfelt condolences to her family, friends and loved ones.\n\n-Tracey J.
