“ My name is Nathan Breece and I was friends with Billy back in the 80's. We had lost touch but I would think about him from time to time. Something told me to Google his name and I was shocked to see that he had passed away. My sincere condolences go out to his family.

“ I think about you every single day! although we didn't get the chance to grow up together, I feel like I've always known you. We had the best conversations the last 6 months of your life and I'm so glad to be able to hold those close to my heart. I found qualities that you had, within myself & I will always cherish that! I know you're looking over your grandbabies and I will forever let them know how loved they were by you! And of course, you are very loved too.

“ You know what is in my heart no words are needed. You gave me my entire world! I will continue to love our children and spoil our grand babies. I promise to speak of you often and never allow your memory to fade. We made a promise to never divorce, no matter the lumps and bumps in the road and we did just that it truly was till death do us part, and I don't regret a single moment of it! Sleep with the Angels, my love
