“ Brian was more than our friend, he was our brother, he was family to me, my boyfriend, our family and friends! He loved doing ANYTHING with us.. he spent every holiday with us in the last 3-4 years and Christmas or NYE just will not be the same without him! He is missed terribly by all of us! He drove me crazy sometimes but I would rather have that then him not here at all!! There are so many more people that cared about him then he even realized!!! We miss him so much already, his early morning messages, our lunch or dinner dates and just hanging out in general! Geno and I were lucky enough to have one last dinner with him a week exactly before he passed, we had a great time and I'm so thankful for that night! Just wish I'd captured a picture! I miss you B!! But I know you'll always be watching over us! MISFITS FOR LIFE!! 💛

“ Brian and I spoke daily on the phone, he was an early riser and I was not so we had to set a time frame. He really enjoyed starting his day with conversation with those close to him. He valued the people in his life that shared time with him and I am blessed to have been one of them. I missed his voice every day and always will.
