“*Friendship is a sharing of joys and sorrow, of building memories together and sharing other memories that started with individual pains and pleasures. I am blessed to have had many kinds of sharing with Cathy, not only the hours of ladies' bridge, the school and rec activities where our kids participated, the running into one another at BSO or the theatre or a restaurant, but the memories we each only knew because the other shared. Cathy and I shared a common memory as Delta Delta Delta sisters--though we only knew that many years after the college days. Our first born, our sons, share a common birthday though they were born thousands of miles apart and before we knew each other..our daughters were on the same young girls basketball team, and on the list could go. We shared a common love of travel, of learning to know people around the world, of working for a better life for all through education and social justice. I will miss seeing Cathy, of sharing ideas and experiences with her, of sharing pride in our adult children and loving grandchildren. I wish each and every one of you peace in your memories of the love you shared on earth, of the love you will share through eternity. And, Pete, especial blessing for sharing the wonderful marriage, of enriching Cathy's life and letting her enrich yours.*

“*Cathy was a wonderful bridge player and hostess. We used to carpool to the games that were on \"the other side\" and had many interesting conversations. She was always cheerful and ready to have a good game. We miss her very much. My deepest sympathy to Pete, Ian, Kim and grandchildren.*

“ *Our thoughts and prayers are with Pete, Ian, Kim, and all of Cathy's many friends and loved ones. We are all the richer for having known her. She was kind, tolerant, brilliant, funny, a wonderful wife and mother, and a friend like no other. She is lighting up the heavens as she lit up our lives. Rest in peace, dear friend.*
