“ *Such a shock. Charles was always so vibrant and energetic. I always enjoyed listening to the latest project that he and Kelly were working on, Nixie tube alarm clock, repeater, etc. He will be missed. Kelly, I could tell from listening to the two of you talk on the radio that you two had a very special relationship...so much in common. The joy of the relationship can make the parting that much more difficult. I will be thinking of you and praying for you often. Alan*

“ *Dear Kelly: There are so many amateur radio operators in this area who knew Charles, and know you, through the airwaves, and especially by way of the Holly net. We all grieve with you over this sudden loss, and our thoughts and prayers are with you. Do not hesitate to call on us if we can be of any assistance.*
