“ You will be missed my dear friend. So many great memories, from 7th grade to high school and many more years after. Loved by our trip to Hershey Gardens with our “classmates “ it was so nice to reconnect. Time flies in the blink of an eye, Rest In Peace. A loving Mom, Grandmother and friend lost too soon.

“ Going to miss my Aunt. She was definitely unique and I loved that about her! I knew that I could call her anytime and she would be glad to hear from me. She is free of pain now, and by this time has received hugs from Grandpap, Grandma and my Dad - can't be sad about that! To Kevin, Derek and Susie - hugs to all of you and to The grandkids - not a conversation that I had with her did she neglect to mention the both of you - she loved you all so much.

“ She was the best mother in law. She always was there when you needed to talk. Cherie loved her grandsons and when they were little, always made their birthday cakes. I know she made at least 2 train cakes with one being Thomas the Tank Engine. Other cakes where a Noah's ark, Castle, and Winnie the Pooh. She went to every kids soccer game and was the team grandma! Her favorite trip was our trip to Juneau Alaska when the kids were little. It was nice to have her with us. She always spent Easter, Thanksgiving, Christmas and New Years (this was her birthday) with us. These holidays will be lonely now. She was an awesome loving woman and my heart breaks knowing she is gone. She meant the world to me and I told her I loved her every day these past couple of weeks. She always responded \"I love you too\" Rest easy. No more pain and suffering. We miss you!
