“ Crissy was a great friend and a wonderful woman who cared deeply for everyone. She was always there for me and my family when I needed someone to talk to the most during our hardest times and going through stuff with my children who have special needs. She offered a hand to help when she could but it was always her heartfelt talks that got me through the most. Miss her a lot and with greatest sympathy I pray for her family during this time of her passing. May her beautiful soul rest in peace. \n\nLove you girl,
Cassie Hotton and family
