“ *Loud Love Whisper
No one ever thought that A Whisper could be LOUD.
No one ever thought that Love could be Silent.
Connie was just that, A Loud Love Whisper.
Heard from Her Presences, you could Feel the Warmth of Her Love.
Connie lived in a World of Silence, not by choice, but the way God designed her.
Special, Unique...Just Connie. To know her was to Love her.
And Just Like that, That Loud Love Whisper, came for Connie, took her to a place where she would suffer no more, in her new Healed Body, Everything Perfect as Our God Designed.
Rejoined with the family who has gone before her, waiting patiently for all of us to see her again...
Loudly We Whisper, Our Love for Connie-she hears Us All Loudly and Clearly.
Love U, angie*
