“ *Dana,*

*I miss you so much big sis
There is not one day that goes by I have not thought about you, you were not just my sister you were my best friend ever since we were little girls growing up you and I were inseparable, I travel to new places and I miss that you are not here to experience the fun with me as what we always did together. I will forever miss your beautiful smile, your laughter, and your conversation. All I do now is constantly reminisce on all the things we did. I thank GOD so much for allowing you to be a part of my life, He said October 31, 2024 it was time for you to come and be with him. Until we meet again, Continue to Rest In Paradise.
I love you Christy....*

“ To My big sis I will forever miss you girl, I am glad I was chosen to be your sister! It is hard knowing you are no longer physically here with me. You have been a great big sister. Always being supportive to me when I really needed it. We have done so much together and been so many places together. We were the true definition of blood sisterhood! You were such a gentle & kind soul. Heaven has received another sweet angel. Until we meet again, I love you, big sis! Rest In Paradise...
