GL

“ My heart goes out to the family and friends of my dear friend Dave Cook. I worked with Dave for over 20 years and will never forget his smiling face, kind words, and gentle manner. He was always a friend and confidant and was never too busy for a visit and a chat. He will be missed and I will forever hold his friendship close to my heart. With all my sympathy, Gene Lane

“ I was sorry to learn of David's death and hope that this finds all his family well. I worked with David for a number of years at the FAA and found him to be a good colleague and enjoyed his warm, ear to ear, smile. Please accept my sympathy to all the family. Amities...AH
