“ *Though is never a 'right time' ro lose a loved family member even though we know they are in a much better place, mourning is such an unique process for each of us. We pray that God's love and comforting arms are known and felt ny David's family and friends today as you recall the good times hhe blessed you with and the assurance of his complete wellness now. Much Love In Christ Jesus, Rich & Donna*

“ *We must say that it was the most uplifting, truth filled service of a celebration of life that was beautifully articulated thru Pastor Rich that we have ever been to. Wonderful turn out of what appeared to be a little less than 100 close friends, church family, and blood relations. Thank you, David, for living a life that obviously touched many others. We will miss having you for our nextdoor neighbor, but elated that you are free to run and nump again just your beautiful message says in your last words to family and friends. Enjoy being Home! We'll see you again. Many Blessings, Rich & Donna*
