“ Today we celebrate you, Thank you for being a loving aunt, friend and my maid of honor at my wedding (32 years ago). You help teach me to drive a car, manual transmission (stick shift), hired me as secretary where you were the manager at Cintas, hosted not one but 2 baby showers for my boys. There are endless stories to tell, and while we were busy living our lives our conversation and get togethers may have been fewer, but they we always left them saying we love you. You are greatly missed and loved.
