“ Dear Gene, Mikey and Chrissy, We just recently found out about your Mom's passing and were heartbroken. Even though we have not seen each other since My Dad's funeral in 2010 you all have been in my prayers and in my heart. Please know that your Mother is in Heaven and will no longer suffer but be at peace. She was a great Mother and I know how much she loved you all. She will always be my Sister in law and I will miss her dearly. Love, Aunt Jackie & Family

“ We both always said how strange we grew up knowing and having all the same friends from the neighborhood and schools but never knew or ever met each other until our two children met. We shared a lot over the years, especially the birth of our three wonderful and loving grandsons. You were the rock in your family, a kind and gentle person, and a best friend to everyone you knew. We both shared a love for yard sales, and very much enjoyed viewing the things I was so lucky to buy at them. Going to bingo at our lady of victory even though we never won a single game, and always seeing you at a school function for our boys was always a pleasure. I wish we could have done more together but I'm grateful for the time we did. I promise I'll always watch over our grandsons on earth and you watch over them from heaven. Your family was so blessed to have such a loving caring mother, wife, grandmother, and sister and know that you will remain in their hearts and memories until you all meet again. I'm so happy we got to visit with each other once again, but surely wished it could have been under better circumstances. You will always be with us in our dreams, in a song, in a memory, in pictures, and forever in our hearts. You'll never be completely gone, you left us with a lifetime of great and ever lasting memories. Your star will be shining brighter than the others in the skies, letting us know your now in heaven with the rest of your family and out of your pain and suffering. God bless you my dear friend, and live eternal life in heaven with our Lord. I will never forget you ! Love Ya Sue

“ I still remember all the fun times we had on holidays at pop pop's house, even though it seems like that was a lifetime ago, and always enjoyed when we'd run into each other about every 10 years or so as adults ,even though I haven't seen her in a while it saddens me that now I never will again R.I.P. Cuz 🥺❤️
