Donald Lee Hacker

On October 6, 2021, a beloved husband and father, Donald Lee Hacker aka “Peop”, passed away into God’s graces after a long and well lived life. He was born September 15, 1937, in West Virginia.

A warrior throughout life, he was 84 years old.

He met Gloria 35 years ago and it was love ever since, together they had a large, blended family. He had a love for cooking and knowing everyone's favorite dish and having it ready when you visited.

He was predeceased by son Donald Lee Jr, daughters Debbie, Mary and Tracy. He is survived by many loving individuals, including his wife Gloria Jean Hacker, sons Joby Greene and Wayne Maxfield, Stepfather to Donnie, Donna, Sharon, Eddie, Chris, Tommy and Lori, grandfather to several, a great-grandfather to many and even great-great grandfather to one.

There are no events planned, as he did not wish to have services, rather than to be remembered as he was.

“ You were alot of things to alot of people - superman to say the least. Out of all of the hats you wore “Pee-op” was my favorite. There is nothing you wouldnt do for nanny and us grandkids! Thank you for always going above and beyond the call of duty- by far you were the best husband, father and grandfather ever ❤️ I wish my kids could have experienced you in your prime but ill make sure to tell them all about you. I love you forever big guy 🕊️ ❤️

“ You and Nanny put a roof over my head and I drank all your milk when I was young and when I was wild, acting up all it took was a look or one word \"Potts\" and I would straighten up and act right. Thank you for being there for us and helping teach me how to be a man. You will be missed❤️

“ I send heartfelt condolences to Jeanie and the family from his son Joseph Greene, myself and our family. My sister Carol Ann Greene, mother of Joseph Greene passed away several years ago. Carol and Joe were together for many years and he was loved by our family. He was a fun and caring person to be around. Joe will always be in our hearts and prayers. RIP dear Joe.
