“ I will miss your visits to Indy. May your next journey be easier as you remember to walk in the beauty that you are. I will do my best to walk in the beauty I am. Blessings and condolences to all you've left behind.

“ My friendship with Don started all the way back in first grade, and it ended with it being his turn in 'Words With Friends' on Facebook - a turn he would never have the opportunity to take. I was so shocked to read of his sudden passing. Rest in peace my dear friend ... until we meet again.
