“ *I met Donna in 1993 or 94. An angel by all means. She would help anyone out that was in need. She helped me raise my son. She was the most kind hearted friend I ever had. She loved animals and they loved her back. She will be in my heart forever. Can't wait to see her in Heaven. My heart goes out to her husband who loved her very much. Time makes it easier but a piece of your heart will always be missing.*
