

## Doris R. Sarro

October 2, 1928 - March 12, 2021

A life well lived:

Doris Ruth Sarro (Dungan) 92, of Arnold, Maryland, passed peacefully in her sleep at Hospice of the Chesapeake, in Pasadena, Maryland. Born in Baltimore, Maryland on October 2, 1928, to Jesse and Clara Dungan.

She enjoyed singing, dancing, gambling, and spending St. Patrick's Day with her Brother Jesse Dungan & sister- in-law Marlyn Dungan, and Sister, Clara Mae Ridgell. Over the years she opened her home to many family members and friends that needed a safe place to stay until they could get back on their feet. Her door was always open for anyone who needed a shoulder or just to sit and chat. She loved all animals and loved and cared for horses most of her life.

She was preceded in death by her parents, husband Benedict L. Sarro, brother, Jesse Dungan, Jr. and sister, Clara Mae Ridgell.

She was a devoted mother to 3 children and loving grandmother & great grandmother. She is survived by daughters Bonnie Ann Sarro, Colleen Ruth Kocur, her husband Michael; their daughter Kelsey Lynn King and her husband, Wesley King, their son, Vincent Michael King (great grandson) of Pasadena, MD; her son David L. Sarro and his wife Becky A. Sarro of Arnold,

MD and their children Wayne M. Sarro, and his wife Nicole A. Sarro of Wye Mills, MD and children Peyton M. Sarro and Gabriel L. Sarro (great grandchildren); and Kara C. Martinez and her husband Seferino E. Martinez, of Goldsboro, MD.

She truly loved her nieces and nephews, Kathleen Riley, Ruth Barrington, Jesse Dungan, Michael Dungan & Kelly Dungan who she remained very close to through her life.

Doris loved to donate to any project directed at saving the earth and combating climate change. Planting a tree would be a wonderful way to honor her memory.

We will all miss her loving, caring ways and her bigger than life presence. She was loved by everyone who knew her.

We will love her till the end of time....until we meet again in heaven.

A celebration of her beautiful life will be held in the future after the worries of COVID are over and we can all be together in a comfortable setting.
