“ *I only met Doris a couple of times but she definitely made an impression on me. She was full of life and she had the niftiest stories and memories. And she loved the Lord. No doubt in my mind that she is with Jesus now.*

“ *Since I was a little girl, Mema was the best. I was lucky to have her with my family for the past 8 years. She was such a major part of my life - there will always be something missing. Our memories make me laugh. I miss you Mema- we love you.*
