“ *There was no sweeter person on this earth. Aunt Edna May was one of a kind. I know there is a reason people endure the things in life that they endure and she certainly endured a lot of pain, but you would have never known it by her kind, loving, caring spirit. I know she is with mommy now and Aunt Barbie, Uncle Ed and Uncle Andy, grandma and her daddy. I can only imagine the reunion in heaven. May God watch over her always and never allow her pain again. I will miss you always.*
