“ To the Rubin family and friends. I would like to express my deepest condolences on the loss of Fred. He was an all around great guy and my best friend. He was also one of the best engineers I had the pleasure of working with in my career. I've missed our email exchanges and phone calls since October and was just advised of this website today and wanted to let you know I am thinking about you and will be keeping you in my prayers.

“ To all Fred's family and close friends: I only just heard about Fred's passing a day or so ago. A number of us down here in Florida (as well as some friends spread out all over the country) are just now hearing and spreading the news. My deepest sympathies on Fred's passing. He was well liked by most everybody who knew him. I am so sorry for your loss. God bless Fred and may he rest in peace.

“ I had known Fred for about fifteen years, mostly as his 'FFL/gun dealer'. He made me feel special because he would drive all the way across the county, past several other gun shops, just to come to mine. \r\n Fred had a large and eclectic collection, at least while he lived here in Florida. I really miss seeing him drive up in his shiny Corvette or that nicely restored Ford truck. We'd sit in my shop and talk guns, politics, and share jokes, sometimes for hours. Of course, I would ALWAYS try to talk him out of some of his unique collection pieces but he never would sell - he was too attached to them! And he would always tell me why - he'd give me the reason, story, or history of each and every one he had bought. \r\n He was a wealth of knowlege on a LOT of subjects! I missed him a lot when he moved up north to MD. But he always kept in touch with his e-mails and web links. \r\n He was well liked by myself and MANY other folks! \r\n Fred will be missed. Rest in peace, my Friend. \r\n God bless you.
