“ Where to start? I had known George for over 30 years and there are so many fun memories! He grew up with my husband and they were friends for almost 50 years. A couple things I will always remember about George are his business sense and his laugh! No matter where he was, you always knew when he was nearby because of that laugh! We also had many deep conversations about so many things. We are so glad we chose to attend the BFMC reunion this year, the day before he passed. We had no idea it would be the last time we would see George and hear his laughter. My heart goes out to the Kathleen and her family as well as his sister and her family for their loss. All of you are in our prayers.

“ I remember riding with George to a park, I had on a (what I thought was a cute little outfit) got off of his bike to have oil spots all over the back of me . Couldn't really get mad after hearing George laughing hysterically.
