“ *Gerry's s smile is infectious--just looking at pictures of her, puts a smile on my face. I am happy that our paths crossed. I have known Gerry since the late 70s, and since we met, she has been a part of my life. We've had adventures together, and we shared each other's adventures. No matter how long we went without speaking (she knew I was a terrible communicator), we would pick up where we left off. I am missing her, but knowing what cancer does to your body, I am happy she no longer suffering. It eases my sorrow to know that she had close friends by her side during her suffering. Gerry, we still need to have that drink on the beach, so when we meet again, that's what we're doing.*

“ My friend for 47 years. A lifetime of memories stretching from the early 20's well into our senior years. We met in 1972 at a Marketing Agency in the Big Apple, New York City. Two young women ready to take on the world. We buddied up and began to live life to the fullest. We took on Harlem and its famous Apollo, the Cotton Club, Smitty's and many of its finer cuisine spots. Weekly go to a Broadway show and dinner to one of hundreds excellent restaurants to choose from around times square, Central Park East and West. Take drives to different locations in my 1969 Camaro. Flew to California to meet her brother Charles who performed with the Barnum & Bailey circus. We acted like kids meeting a variety of performers and the animals in the circus. Dined at the retired Queen Mary Ship parked at the harbor. Visited Hollywood, Beverly Hills, San Diego Zoo. Tiajuana, Mexico. Flew home Firsst Class thanks to an acquaintance of Gerry. What a wonderful travel buddy she was. So knowledgeable and well liked by many. Gerry I want to thank you for your kindness, concern. companionship you shared during my crisis with the earthquakes while in Puerto Rico during January 2020. Your daily calls helped me get thru it until my safe return home. I miss you dearly and will always keep you close to my heart ❤️. Farewell my lifelong friend👧👦. Rest in Peace. Til we meet again. Love you always, Rosie🇵🇷🌹

“ Gerry worked with me for three years at Ahold USA and headed up our supplier diversity programs. She was loved and respected by people within Ahold and all the food companies that she worked with on her projects. A beautiful person and dear friend. I will miss her. We planned her trip to the Grand Canyon over a year ago. She planned to live life to the fullest with all the time she had left. That was Gerry!

“ Gerry was such an inspiration of how to live life. She showed amazing courage during her fight and never complained. She will always be a light in my life and I am blessed even more to have known her. No more pain❤️ “That we once enjoyed and deeply loved we can never lose, for all that we love deeply becomes part of us.” Helen Keller

“ Rest In Peace, sweet friend! I met Gerry over 20 years ago while we both worked in the supermarket industry. We bonded quickly and we had some good times. She joined our cousins reunion in ATL a few years ago, and she fit right in with our family! I will miss her beautiful smile, her strength and her ability to see the positive in all she did. Another angel has gained her well-deserved wings! Love you, my friend!

“ Gerry and I met through the Colorectal Cancer Alliance. I was matched as a buddy for her through their program. Gerry was so full of life and taught me so much in the time I knew her. She was always bubbly and full of life. I admired her tremendously and valued her words of wisdom. She was just always positive even when she was in pain. It was a blessing from God to have us cross paths and I am so thankful to have called Gerry a dear friend of mine. She deserves her rest now. Gone but never forgotten.

“ Gerry became a close friend and inspiration to me almost immediately when we met during her time in Atlanta. We had hoped to meet in New York for a reunion this past spring, but it unfortunately did not materialize. Never thought we wouldn't be able to reschedule that trip. She'll always be smiling, vibrant and strong in my mind's eye. Godspeed on your next journey, my friend.

“ Gerry was an inspiring human being of great conviction and courage. I have known Gerry since we were teenagers. Although distance separated us, we always stayed in touch throughout the years. My heart is so saddened to hear this news. I think of happy moments. She was always a strong and beautiful woman. She fought the good fight, now she is at rest.

“ I take this precious moment in time to honor my dear friend and fellow colon cancer warrior, Gerry King!💙🦋. I met Gerry in September 2019 during the Colorectal Cancer Alliance (CCA) Conference in Boston, MA. We immediately became friends sharing our journey, she a stage III survivor and I a stage IV survivor. We excitedly discussed ways we could advocate for our community. Most recently, in February 2020, we attended the Alvin Ailey American Dance Theatre at the Kennedy Center. In March, we celebrated her scan being NED and her having one quarter down! April through June, we continued building our camaraderie to keep the faith and fight this dreadful cancer! In July, Gerry shared she was having severe pain and her surgical options. In August, she was taken to a hospice facility. Tears are still flowing and My heart is broken but I know Gerry is amongst the Angels with the Lord🦋. I will continue this fight for a cure💙. Lovingly Submitted, Cynthia Heath

“ Gerry, you are and will be missed, but not gone. For you will live on in the hearts of the people who cared for and loved you. I treasure the last time we saw each other and particularly enjoyed the afternoon we spent at high tea at the Metropolitan Museum of Art. You enriched my life. RIP.
