“ Gladean was affectionately known by me as Grammy, she was my moms cousin and my Godmother. During my early years she and Leon contributed alot to my young life. I loved going to her apt and she would bake me cobblers. Grammy was also my mom's best friend and roommate in their younger years(20's). My mother died in 2008 and they loved each other alot. I will never forget her and I hope she knew how much I loved her.
