“ So on this father's day I'll share a memory, last time I was home visiting we went to a BBQ restaurant, Red Hot and Blue, was the place he ordered the customary rack of ribs and I forget the name but it was basically everything they had big ol plate of smoked meat. He was surprised when i cleaned the plate had to be 2 pounds of food and I'm low balling it.

“ Well uncle Harry it's so crazy you were here and now your not. I regret not seeing you more. One thing I can say about you is that you always seemed so quick witted and a big jokester. I wish I got more time with you. Thank you for saving my dad all those times when he was a kid. You will he missed. Joe

“ OK, where do I start. I We will miss you big brother can't find the words to describe it , I owe you a lot. I remember one time I was about four years old I drank some turpentine I thought it was a glass of chocolate milk one time you got to beat me up to keep me awake on the way to the hospital save my life that day ❤️ I remember a time I was five and one of my brothers was dragging me around the yard on a rope you came over and got me . You save my life that day❤️ I remember a time when I was eight and we were visiting DC and we were all in the swimming pool I didn't know how to swim and I fell through my tube I was sitting on the bottom of the pool and you came down and got me. You saved my life that day❤️ Remember occasionally you would call on my birthday to remind me how old I am knowing that you were nine years older or you were just checking on me. We lost time in between visiting but but when Sherry passed away you came down and we talked and went to dinner and of course we talked about doing more time together but life does tend to get in the way and it wasn't that long ago that I came up to your place to help put together something for your kitchen and we went out And got lunch together just you and me and we had a good talk about everything Harry I'm gonna miss you .I called you Skippy when I was a kid and I am really speechless my heart feels like it's torn because Harry has it weren't for you I will not be HERE Or my family you save my life about three times I'll never forget you big brother love you forever ❤️ you will be missed Your baby brother❤️

“ He once spoke; as a child he would see outside his window the light of a lighthouse, that light would guide those lost, where the shore was. As a child the image of a lighthouse was always there, he had a wall for it, no matter how **"lost**" i felt i knew, I knew to call him, i knew where the shore was, So I've lost my beacon. He was a man that only cared about being a dad that was his ambition and he was happy in it.
