“ Jim was a good man and a great step dad to me i love and miss him. I remember we were going fishing me,my lil brother thomas albert and jim and a family friend and he was letting me drive home and we were at a red light and my foot sliped of the brake and i taped the car in front of me and he took all the heat and said he was driving so i wouldnt get in trouble. It was a privlige to have him and his family as mine. RIP
