“ Kathy and Christina, My sincerest and deepest condolences. I'm very sorry for your loss. He is really going to be missed. He made a huge impact upon me as I got to know him and I learned a great deal from him in the time that I got to visit with him. He'd call me up just to see what I was up to and bounce some legal ideas off of me to see if they would float and then we'd visit about something else and give each other a hard time about it. I'd tie him into a conference call with another buddy and we'd have some really good belly laughs before it was all said and done besides legal strategies discussed. I really loved him and his spirit to get things done! Just know that you have another \"family\" out here if you ever need to call on us for anything. Blessings to you and yours. Jim

“ I met Jeff a few years ago. While I never met him in person, I felt like he was always a brother in arms to me. He went out of his way, no matter what, to either help me or just talk. He was selfless and relentless as giving. Jeff was an amazing man here on Earth and I know that he is with our Lord Jesus Christ serving his loving message with the heavens. We will miss you Jeff and all of the love you left behind will never go unnoticed. RIP my brother Jeff! Kevin

“ *I am very sorry for your loss. You are all in my thoughts. Jeff was such a wonderful person, unique and extremely caring, a very dear friend who will be missed by so many and I will miss him more than I can express. This must be extremely hard for your family. He loved you all so much and spoke affectionately about each of you. So many people appreciated Jeff, especially including me. He made a huge difference in more people's lives than you can imagine, and from all across the country, and it made him so happy to be able to help each and every person he touched. He gave of his time and knowledge freely, and was a great teacher to so many. I am sending my sincerest love to you in your most difficult time. He wanted you all to remember him in happy times together. Please know Jeff loved you all so very much.*

“ Thank more than I can say for all the hard work Jeff has done to help someone like me. Taking me off the firing line of Lawyer's and putting a person like me on level field with a profession that relies on the unknowing people to crush and deceive for their benefit. Jeff really worked so hard for himself but shared with anyone that wanted to help themselves to be able to turn the tables. It is a person that Jeff was to enable me to take back my life. He will be greatly missed by me and my family. My God blessed me with a caring education that Jeff left me. He joined forces with What lies in your Debt and and his web sight as well as the calls , I as well as other will miss this great man. Leon Lee

“ My love and heart go out to Jeffrey's family. The world is the lesser for the loss of such a wonderful and caring human being. Jeffrey was the heart of our group. He was often gruff and abrupt with those he was trying to teach simply because he cared so deeply for each and every one of us. He was a good, good man who loved us all unconditionally. He adored his wife and children and spoke of them lovingly every time we talked which was nearly every day. He was there for me at stressful times in my life. He was always concerned if he thought he may have been too strident with someone or left hurt feelings. Please know you were first in the biggest heart I've ever known. I will miss him deeply.
