“ *Very sorry to learn that you have left us, Jennifer! We had some fun times together, and I really appreciate all the Skinny Puppy and Shriekback music that you gave me! It was fun seeing you at shows, and you were so hospitable when I gave you a ride tp your place that you shared with Richard. I hope you rest in peace and know that many people truly cared about you. Love, Your Cousin, Mary Anne T*

“ *My Dear Friend Jennifer... I wish I could go back in time and take all of your pain away. You were one of the most creative and intelligent people I have ever known. When we met in 1987 you reminded me so much of a modern day Greta Garbo... Unique and timeless. And I was so grateful for our friendship. So many years were lost as we both searched for one another. Reuniting with you in 2015 was such a joyous moment. You will always be in my heart. May you rest and be at peace. Until we finally get to have our tea party together in the next life. In sadness, your friend... Toni*
