“ *Jesse was our neighbor growing up, my brother Jimmy was a close friend of his. We grew up riding bikes in the summer and sledding the hills on our farm. He often rode horses with Jimmy. He was my first crush! But I was much younger, and just a child at the time. So many wonderful memories. He is sorely missed.*

“ *Jesse was my first boyfriend. We had a great relationship and first love memories. We got together 4 years ago for brunch and recollected old memories and enjoyed the innocence, purity and fun we both shared. He was a gentle and sweet spirit and I know he is in the ever after fishing and enjoying all the beauty of heaven. May God bless his family. It's sad for all as he was such a young man.*
