“ *My Dearest Friend John, We met when we were kids on what fun did we have, as time went by we all went in our own directions in life, to my surprise years later we came across one another and it was like yesterday in July when we spent the day together just reminiscing of the good old days, I will always remember the the friendship we had. When I was told of your passing I was heartbroken as if I lost a brother. You will always be in my heart
