

Johnathan Allen Cyrwus

July 12, 1998 - June 2, 2025

Johnathan (“Jon”) Allen Cyrwus, aged 26, passed away peacefully at home on June 2nd, 2025 after a brave battle with illness. In his all-too-short life, Jon accomplished so much: excelling at two separate careers as a massage therapist and an Instrumentation & Controls Technician; road-tripping his way across the United States; and finding and being the absolute best partner to the love of his life. His witty sense of humor, his intelligence, and his unwavering kindness, integrity and humility made him a blessing to all who knew him.

He is survived and forever loved by his wife, Tessa Delgo-Cyrwus; his parents, Nadine Cyrwus & Joseph McKasty; and his sister, Nichole Cyrwus; as well as numerous other adoring family members and friends. He is preceded in death by his father, Andrew Cyrwus.

A memorial service will be held in the Florida Keys on July 12th, 2025 (which should have been his 27th birthday). For more specific details on location and time, please reach out to a member of the family.

To honor Jon's memory, the family kindly asks for donations to a scholarship fund in lieu of flowers: <https://gofund.me/1c9dcea8>. Jon was profoundly passionate about and talented in Instrumentation & Controls/Electrical Power Technology and aspired to eventually become a professor in his field. While

we are devastated that he will not be able to live out that dream here on Earth, this scholarship will support students pursuing similar careers, ensuring his dedication to educating and helping others lives on.
