

## Jonathan Leroy Craig

February 27, 1990 - October 12, 2023

I am heartbroken to announce the death of my son Jonathan L Craig; Also known as Butters. He was born on February 27, 1990 and passed on October 12, 2023.

He left behind a loving mother Samantha Vaught (Floyd), father John Craig, step-father Eddie Vaught, brother Joshua Floyd and sister-in-law Laura Floyd, his grandparents Gary and Debra Floyd, and his Grandmother Jane. Jonathan was loved by aunts, uncles, cousins, second cousins and loving friends.

Jonathan was succeeding in life as a Mason by trade.

Jonathan was known as Butters from all his loving friends in Dundalk, MD.

Jonathan had a heart of gold, he was my sunshine, my blonde hair, blue eyed baby, and he had a smile that would light up a room. He loved making you laugh, and he loved rapping. He also had loving friends throughout the world from playing on his game system that he enjoyed.

Jonathan also leaves behind his dog Astro. His dog was number one to him. He enjoyed getting home from work and riding him around town jamming out with his music.

Jonathan's Celebration of Life will be planned for the spring.

Any donations can be made to Jonathan's Go Fund Me page at [gofund.me/7b660367](https://gofund.me/7b660367). There will be a donation box at the viewing. Any flower deliveries must be made the day of the services after 3 PM.

“ To my loving jonathan, I have 33 years of loving memory with you. We had so many more to accomplish. You wasn't supposed to go sunshine before me. Mommy is so lost without you. The best thing in My life was having you and your brother. You and your brother josh are the only reason that I live. I'm lost for words I just don't wanna accept your gone. You were taken too soon. I have always loved you with all my heart. And I will never stop loving you. Our memories we share since the day you were born will always stay in my heart and mind. Love you always sunshine ☀️\nRest in peace my baby: by blue eyes Blonde hair boy. Wait for me at the golden gate I'll be there someday.
