“ *Unc, you were one awesome dude. Great guy to talk with about anything. You made us tough with the jokes as kids and took that beating when we could give them back. You will be missed, Dude, ugly and all...*

“ *Hi KJ That would be the only name I could call you by and although we haven't seen each other in 30 years I feel that we all some how reconnected with Facebook our modern technology. I have fond memories of you and and my brother Gary hanging together as adolescents And there are of course the ones that little brothers are good for. Such naught boys back then lol. Anyway I would have likened to see you as an adult so we could have reminisced. Rip KJ and know you are thought of and loved. Xoxo*

“ Today was the 144th Kentucky Derby. Every year we watched the three big horse races. Whether we were together or watching and talking on the phone, and you would have picked the winner, Justify won! We shared so many good times over your entire life. We had a lot of stuff in common. You were going to take me out on the water.. I promised you certain things, and I know what you wanted. No matter what, I have your back, and I will deliver your wishes. I miss you, my little brother. You will Always be in my thoughts, and forever in my heart. I will still call on you just like I used to do!! “ *We remember James with great fondness and appreciation for his kindness, for his ready smile, for his forbearance (you did what to that circuit?!) and humor. He loved the dogs and the dogs loved him, which is always a sure sign of a good soul. Rest in Peace James.*
