“ Ken or 'whip' as most know him has been my friend for 25 years. We have gone to several concerts together and sporting events. He came down and helped me move home when I found out I was losing my legs at least the use of them. He was always someone I could count on, turn to, or cry with. He was a shoulder a rock a FRIEND. I can't see how I can have any big events without wanting to call him and share them. He past away the day before my birthday and even that I couldn't call him and say hey guess what? He was my best friend and the best friend of lots. I will miss him so much, I already do.
