“ So many memories of you visiting with us when we were growing up, playing for hours on end in the woods that surrounded the old neighborhood! I think of you often and miss you very much! Love you, Cousin Naomi

“ Still think of Laurel so often. Her spirit and thoughtfulness and jolly personality are so missed. To Brian & Izzy I still keep you in my prayers and pray you are trying to be strong. Izzy always remember you are so special to your mom. Walk in her path and grow up to be the great person she was. She is there for you watching over you God Bless you both! Stay strong. Blessings from Hope Godwin

“ When I met Lou, she was the sweetest person and I knew instantly she was Brian's soulmate. Over the years, seeing all that they went through, they stayed strong as a family. Izzy had a great role model and has gotten so much of Laurel's strength. I only pray that her strength gets them through as she watches over them. We will miss you so much, Laurel! Love you

“ *Laurel was always a beacon light! Loved to laugh!,work hard and share stories. She loved life -it saddens me deeply that a true angel that walked this earth was taken so soon. All my love and warm memories go to her family. I loved working with her, just to had known her was a gift.*
