“ I am some to hear of Leah's passing. She and her wonderful family lived one door away from us here in Dayton., MD. I remember when she learned to ride a motor scooter and she, her brother and I would just talk about everything and nothing. We'd always said , "Hi" as I'd pass them on my way in my car. I really enjoyed and treasured our friendship.

“ We are devastated by the sudden passing of Leah. Leah changed our lives and our hearts when we met her as a student, a high school sophomore. We watched her grow into a beautiful, kind woman who positively affected everyone with when she came in contact. Leah will always have a place in our hearts and she will be missed forever. We love you, Leah, always. Ed and Vicki
