

Leah Marie White

September 19, 1967 - August 25, 2024

Leah Marie White passed away on August 25th, 2024, at the age of 56, after a long battle with cancer. Leah was a lifelong resident of Pasadena, MD, along with most of her family and relatives.

Leah was a kind and endearing soul, and a devoted wife, mother, grandmother, aunt, daughter and friend, who was known and loved by many in her hometown of Pasadena. The thing that brought her the most joy was being around her family, including her three grandchildren, while drinking a glass of wine (or other beverage of choice) and listening to her wide variety of favorite music, or enjoying a movie late at night.

She spent most of her career working for Tri-State Envelope Corporation in Beltsville, MD as an administrative assistant but even more than being a devoted employee, she was a devoted friend to everyone she encountered.

Leah is survived by her husband, Richard White of Pasadena, son Dustin White of Westminster, MD, daughter, Selena White of Pasadena, MD, daughter-in-law Madison White of Westminster, MD, father, John Dierker of Pasadena, MD, brother, John Dierker Jr. of Baltimore, MD, and

three grandsons, Cameron, Logan, and Weston. She is predeceased by her mother, Barbara Dierker, of Pasadena, MD.

There will be two celebration of life ceremonies. The first will be on Saturday, September 14th from 2-5pm at the Magothy Methodist Church in Pasadena, MD. The second will be on Sunday, September 29th from 12-6pm at the Wisteria Cottage and Barn in Manchester, MD. All friends and family are welcome to attend both services if they would like.

In lieu of flowers, the family asks that you consider making a donation to the American Cancer Society or just by performing a random act of kindness, as she would do for just a random person she saw in distress.

We thank everyone for their kind words and condolences as we mourn the passing of our beloved wife and mother.

“ I knew Leah through the many years working at Tri-State Envelope Corporation. Life is about the heart prints we leave while walking the path we call life. Leah has moved on to the next chapter in her journey, but she will always be around when needed, a scent, a moment, a song or a dream that is so real. She loved her children dearly and was so very proud of their achievements. She was great with the customers and always made everyone feel special. She truly cared about the folks that crossed her path, and had a sincere kindness that warmed everyone she touched. I remember her Dad and her Uncle, because they worked on my cars over the years. Leah loved her family and held them close to her heart. Leah you have lived your life well with a grace and dignity that we will remember with a smile and a fondness that tugs at the heart. It was my honor to know you. Your light will live on through anyone who has had the pleasure to know you. Your legacy is the brightness that you made the time to share. Thank you.\n\nLin

“ I will always hold onto the many many sleepovers at your house. You always made it fun and definitely memorable. No remember when you had to yell at all the older ones for leaving me downstairs alone and turning the lights off on me lol. I was your baby and I will forever miss everything about you and the brightness you brought to everyone's lives. I love you Aunt Leah forever and always

“ Leah was a dear friend that always was a joy and inspiration to be around. She often would pick out a gift for me for no reason bc she always wanted to bring people happiness. She would call just to say hi. When I was sad the day my horse died she came to sit with me to comfort me. It saddens that she is gone but she will never be forgotten.

“ I missed you when you left work. Going to the front of the office was never the same. You were missed then and you will be missed forever. I will always remember your smile and our conversations. You have a beautiful family that loves you so very much. I will pray that they will get through the grieving and remember all of the great things about you. I won't say good bye now. I will just say "See you later"
