“ *My mom was a wonderful lady with a big heart full of love and compassion. She's the whole reason why I turned out a good person, because she made sure that I stayed on the path of good & right. We would laugh a lot, & she adored my husband. The three of us together were like 3 kids just having fun. When my brother & I were growing up, she found ways to keep us out of trouble and taught us responsibility. She loved my father, her high school sweetheart, unconditionally. She loved her husband, her kids, her grandkids and the rest of her family. She was also a huge animal lover & supported impoverished children in Third World Countries. I will forever miss my mom, because she was one of my best friends. I will love you always mom. We miss you !*
