“ Jo Sheets! I miss you more than I know how to say! My days are filled with sadness and loneliness. Missing our talks our trips to see the flowers. I just went to the Philadelphia Flower show with out you and it was just not the same. I know you and Paul are having a time fishing and watching me I know you are both pain and sickness free and for that I am thankful. Watching both of you suffer as you did was so awe full. I wouldn't have had it any other way though. Taking care of you both was my greatest honor. I love you still, always will. You guys give one another a hug for me please. Cyndi
