“ As cousins growing up on 2800 of Frederick ave., and as kids we would play in the woods beside the Cummins Factory, a game of cowboys & Indians or swinging on the vines like Tarzan...or cross over the streetcar tracks to get to Gwynn Falls Park to play children games, and I do remember walking together to go to school at Betsy Ross Elementary #68, rain, snow, sleet or hail, we walked to school... in the last few years I would come visit Michael often just to check up on him and talk about old times, memories of his father's TV shop to collecting golfs to antiques of yesteryear...I will truly miss our conversations and his laughter...RIP my cousin, Eddie Hudgins

“ I dreamed of you last night dad . We were in some kind of cafeteria with long tables and it was very crowded. You had on a bright blue shirt that caught my attention and when I focused on you , I saw you waving enthusiastically and smiling that big smile of yours . I got up to come find you , but I lost sight of you and then you were gone . I'm not sure what I believe in, but I would like to think that you visited me in my dream . I love you dad ❤️
