“ I still think of you often Michelle. I just really liked you and I miss you. I'm sad I can't attend your remembrance party. I'll be traveling that day and wish so much I could attend to be surrounded by people who love you and hear stories about you. You are missed.

“ Michelle-Often over the last several years my mind would wander over to you. I was blessed to see you last on your birthday and after hearing that your fight was over in June, was mad at myself for not stopping by again. But you were and are so surrounded by love. So it's okay that I didn't make it out again. You weren't lacking in love and support. But I miss you. You had this way to just be a bright spot. Every time I asked how you were, the answer was "great!" You weren't one to wallow or complain. I'll miss your silly sense of humor. I'll miss just that connection that couldn't be explained. You touched so many hearts. Thank you. Lisa and Gavin-I think of you often too. There aren't the right words but I hope for peace in your hearts and the light from her love to brightly light your paths for all your days.

“ The world has lost a truly magical person. I've never known anyone else who made everyone feel special the way Michelle did. I feel so blessed to have known and loved her. Michelle, you'll always be in my heart.

“ Our dear Michelle, no one could have asked for a sweeter daughter than you. You truly were heaven sent to us. Although you were no longer a young child, you were still our “child” and we will always think of you in that sense. You were one of the bravest people we have ever known fighting the disease that took you from us. We are so proud of all of your accomplishments throughout your life. We love you so much and always will. The only positive way to look at the fact that you are no longer with us is that you are not suffering and in pain anymore. You are with God and he has made you whole and healthy again. That is the way we remember you smiling and beautiful. Love you forever, Mom and Dad.
