“ *A brother is someone who gives you lots to remember, to laugh about, to be grateful for, to love. I can I truly and actually smile, even though my tears, when I think about how lucky I where to actually have him for a brother, and all he truly he meant to me - now and always, by my Christian faith is so wonderful that I will see and join you soon and all the family that lives in Christ love.*

“ With a family of four brothers and one sister life was pretty good with Milton I'll call him the original OG he had some great stories while attending the greatest High School in the land I C Norcom home of the of the Greyhound life was pretty good and with social institution like the YMCA neighborhood facility Carolyn minor Rec Center but for people who don't know the hard side of town there book my brother Nathan McCall book nane make you wanna holler the story of P town. Milton Was a brother who would always have your back thick or thin and never forgot who you were to him this is one of the OG who will surely not be forgotten but for me one bright shining light that I can hold onto he was a brother in Christ and I will see him again with other brothers and sister in Christ on that note you'll be Miss but never forgotten until we meet again
