“ I met Nancy in the old WM on Crain Hwy then knew her better when my beloved husband and I would go shopping every other week at WM. We'd chat while she cash in our items and from that I learned to love her. She was such a lovely person and we'd chat about our health problems. Then when our oldest daughter from VT started working for WM after closing her Daycare of 8 yrs., when we'd go to WM here, the two of them would compare problems and laugh. So the next time Tanya came home, we invited Nancy, and Darlene (another WM cashier) for lunch. We had such a good time laughing and those 3 WM employees shared things about their life at WM. What a lovely, special time. Then, when Nancy went through her kidney transplant and Tanya was back home for a week, we invited Nancy over again. (Darlene had had a stroke and was unable to come). Again, we had a lovely time of laughing and talking about her new kidney. And Nancy's husband Robb faithfully brought her over and picked her up. ( She loved him so very much.) What a sweet and lovely friend she was and I shall miss our texts and calls. She'll always hold a special place in my heart and Tanya's also. Robb and family, please accept my heartfelt prayers and sympathy, I know she's with our Lord and Savior, out of pain and with a new heavenly body. But your memories will help you through the Journey you've just started. It's very hard but with our Lord and Savior, you will get to the point where you know you can go on. God bless you all. Love in Christ my Lord, Jane Stammer
