“Pete was my friend. Long ago. When I had but few. To those Pete left behind I wish you peace and send my condolence. Goodbye to another friend who has moved on to the next chapter of whatever happens to us when we leave this world.

“I love you and I'm so grateful for all of the years of friendship. You brought so much kindness, laughter, and joy. We were lucky to have you. You will be thought of often and missed always.

“Pete Groves was my best friend in grade school. He would come on family vacations with me. The only thing he would ever eat was macaroni and cheese. My parents still ask me about that kid that only ate mac and cheese. He was one of the most carefree kids, he always had a smile on his face and could always make you smile. He will be greatly missed and never forgotten. Rest in peace Pete.

“ *Pete Groves, one of the very best friends a person could hope to have. I've been best buds with Pedro since 7th grade. Wherever you are brother, I hope you know that Adam and I never stopped looking for you. You will be greatly missed.*
