“ *I had known Peytyn since 1st grade and in 4th grade I had moved then came back freshman year. That year I came back it was like nothing had changed. She was still the bubbly, kind, goofy person I remembered. Having her as one of my friends was one the best things that could've happened. I remember going to get food together after school, showing each other the legos we just built, laughing about funny times from when we were little, working together at Chick Fil A together, and all the amazing times we had. She was a light in all darkness no matter what it came to an we all will forever love and miss you Pey Pey.*

“Love you... Love you.” And hugs. That’s how we do it in my village. And Peytyn is a part of our village. She is forever family, and was like my second daughter and knew it, reminding me of this multiple times over the past decade, especially when requesting a special treat or exception, like school night sleepovers with Sarah (equally negotiated with her mom behind the scenes). \n\nThe girls were often inseparable, and I had the pleasure of watching their friendship develop into a truly special and lasting bond.\n\nFrom early days at RH Lee being scary at Halloweenie, goofing around during school fundraisers at CFA, Ginos & Brusters, trying her talent on stage, or racing for rollercoasters on Chorus trips to Hershey, to birthday parties, carnival rides, beach house shenanigans, and road trip adventures, to school drop offs and pick ups, and navigating pandemic challenges together, Peytyn endeared me with her freckled smile, her curious questions, her kind compliments, her easy-going personality, and her gentle way of bringing peace. \n\nShe was Sarah’s best friend, and I benefited greatly from her being in our lives. She would join me in cooking and baking new recipes, get us to play boardgames, return my text messages, and turn me on to binge watching Gilmore Girls and other fav shows she already had watched numerous times, and, she was the reason I maintained a regular supply of assorted cheese in my deli drawer. \n\nIn the last two years I saw her less, as she buckled down on her HS academics, started working, then driving, and demonstrated a good work ethic not just at her part time job, but in the way she was always willing to lend a hand. I can’t tell you how many times I asked her to help me, and she never hesitated to assist. There is no question her good nature comes from her parents, who also have been a huge support through the years to Sarah and me. I wasn’t surprised when she told me a month ago that she planned to apply to nursing school next year.\n\nTo Peytyn: we were chatting by phone and planning a movie night out, and then a day or two later you were gone. I am deeply saddened losing you so young and so intertwined in our hearts and minds. Words can’t make this loss lighter by any means. I will however cherish the fact that our last words weren’t of good bye but of I love you. And that’s how I am

remembering you, PEYTYN. You are loved eternally. ❤️\nTo her parents, Logan, and your village, soothing thoughts and healing vibes are sent your way! May our shared memories of the good times, and what Peytyn has taught us about love, life and family take hold and never part. 🙏🏻🌈❤️

“*Peytyn is my other half, we have so many amazing memories together from playing with barbies, making forts in our bedrooms, secretly making slime, to being teen girls together. Begging our parents for sleepovers on school nights, laughing in the kitchen in the middle of the night as quiet as we can to not wake anyone up. If we were apart for too long we would get sad and knew it was because we needed to see each other, and no matter what we were always each others number one. Every friend we ever made knew we were a pair, our friendship is something so beautiful and so rare. After all the years we never left each others side. My love for her is eternal and no one could ever take her place and I am forever grateful to be her twin flame.*”

“ Peyton and my daughter Jaymee were close when they were younger. I remember her coming home from Peyton’s birthday so excited she had so much fun. Softball had Jaymee so busy during high school she didn’t have time for much socializing, so we mainly seen girls from the team. We found out sweet Peyton passed on family vacation this year and Jaymee took it hard. You never expect to loose a friend especially this young. As a mother of a child the same age I hurt for Beth and the family so much. Please know you are not alone and our hearts break with yours. Rest easy beautiful girl, 🍷🍷

“Peytyn was one of the first girls I called my best friend. I met her through another close friend. I'm not sure what to say besides, I'm going to miss her. We hung out a couple weeks ago for the first time in a long time and it felt so nice to be with a friend from my childhood, especially Peytyn because with her, we could do nothing but talk and she'd be okay. I was just telling peytyn that her and the other close friend were always going to have a special place in my heart because they were my very first true friends. she always stuck around making sure I knew, she was there for me no matter what and vice versa. She was such a precious soul and she's going to be missed so much. My love goes out to her family ❤️ I'm so sorry❤�

“Man Peyt.. never thought i'd ever have to sit here and type something like this, it's not gonna be the same working without you.. my favorite memory, is when you would get mad when you had to work outside in the cold, so you would bundle up in every piece of clothing they had. I used to always make jokes and laugh because you looked so tiny in all the big winter gear.. you made the shifts so much funnier and made them go by so much faster.. You live forever in our hearts and you will be missed dearly, rest up baby girl ❤️ my prayers and condolences to her loved ones 🙏

“ I had the pleasure of teaching Peytyn her last two years at Glen Burnie. She had a sharp mind and wit about her, and I always enjoyed our banter. Even after I stopped teaching her, I'd usually see her in the hallway waiting for her next class and made sure to say hello. She had a strong head on her shoulders and it was wonderful to see her progress over the last few years. My condolences to her family and friends for this tragic loss.

“ I have many memories of Peytyn from English class. She preferred paper and doodling, used words and art to communicate, corrected me with a smile \"2 Y's\" in Peytyn. I am so very sorry for Peytyn and the family, \nKim Brookshire

“ Peytyn was one of my students my first year at GBHS. I will always remember her as someone with a great deal of perseverance, wit, intelligence, and a truly warm spirit. Even when she was no longer \"my student\" she always took the time to check in with me and as a result continued to bring such joy to my days at GBHS. It was quite amazing to be witness to her growth. I know she consistently put smiles on the faces of all those who loved her and we thank you for sharing her with us. She will be so dearly missed.

“ *We were blessed to have Peytyn on our team! She was a bright young lady, a quick learner and a good team player. It didn't take long for Peytyn to flourish and she made so many friends. We could always count on her to move from one position to another quickly. She was independent, smart, and spunky. It was awesome to watch her learn and grow. We all miss her so much and we will never forget her. ❤️ Our deepest condolences for her family during this most difficult time. You are in our prayers!! ❤️ With love, from her Chick-fil-A family.*
