“ We met Ray at Castaways too. The place just wasn't the same without him but he was definitely there in spirit. He could cook! Offering up a hot bowl of his cowboy stew. I tried to re create his recipe but it will never be as good. Love to Ray Kathy and family.

“ We have many fond memories of Ray... the one that stands out in my head the most was at Brewsters when Mike was standing on a chair dancing and Ray just gave him the \"come on man\" look and Mike jumped off the chair only for the legs to all split under and the chair collapsed. The look on Ray's face was priceless... RIP my friend. We will miss you
